Victoria and His Band Annihilated.
—A Bad Postmaster—Criminal Matters in Texas—A Railroad Killed—The News of the Day From Every where.

Victoria and His Band Slaughtered.

GALVESTON, Tex., Oct. 20.—The *News* special from El Paso says: "Intelligence reached here to-day that the Indian chief Victoria had been killed, and most of his band has been killed or captured. General Buell, who crossed the river, acting in conjunction with the Mexican force, was notified ten days since by General Terrespas that a further advance into the interior of Mexico will be objected to by the Mexican government. General Buell immediately withdrew to the American side. To-day Dr. Mainio Samanico, of Pass De Norte, received a letter from his brother, at Carriscol, which says a lieutenant under Terrespas, coming for supplies, brought news from Terrespas that he had destroyed nearly all of Victoria's band including himself. The Lieutenant gave the following particulars: On the afternoon of the 14th, troops overtook and surrounded the Indians, the latter being in position upon two hills, known as Los Castillo, one of which the forces abandoned. On the morning of the 15th the fight was renewed, resulting in the almost complete annihilation of the whole party. Chief Victoria, fifty warriors and eighteen women and children taken prisoners, and 250 head of horses and mules recaptured. The Mexican loss was three killed and three wounded, showing the Indians to be almost entirely destitute of ammunition. Within the past year Victoria and his band have murdered upward of 400 persons.

Senator Edmunds Re-Elected.

MONTPELIER, Vt., Oct. 20.—The two houses yesterday proceeded separately to elect a United States Senator. In the House George F. Edmunds present Senator, was nominated by the Republicans, and Bradley B. Smalley by the Democrats. The vote resulted: Edmunds, 203; Smalley, 16; not voting, 18. In the Senate Edmunds was the only candidate presented, and received all the votes.

A Thieving Postmaster—Burned to Death.

PORTLAND, OREGON, October 20.—Nathan Eaton, assistant postmaster at Spanish Hollow, has been arrested for robbing the mails. The stealings have been systematically pursued for several months. He confessed on arrest.

A daughter of George Madison, near Kerbyville, was burned to death by her clothes taking fire.

Crime in Texas.

GALVESTON, Tex., Oct. 20.—The *News* special from Calvert, Texas, says: "In a difficulty last night between two negroes one was stabbed to the heart, killing him instantly."

The office of the district and county clerks, together with the records and indictments, were burned to-day. It is thought the parties indicted for cattle stealing started the fire.

A Railway Brakeman Killed.

ST. PAUL, Ind., Oct. 20.—John Powers, brakeman on the stone train, was killed at noon here yesterday while coupling cars. He slipped and fell, and was run over. He lived at Delphi, and was a telegraph operator.

A Woman at the Bottom of It.

BOSTON, Oct. 20.—Mrs. Imogene Woodward, wife of John Woodward, the defaulting cashier of the City Treasury, has been arrested on a charge of complicity in the theft.

Foreign Flashes.

LONDON, Oct. 19.—Miss Maria Louisa Charles—worth, the authoress, is dead, age 61.

The steamship *Lessing*, from Europe, which arrived at New York to-day, brought \$945,700 in francs.

The amount of gold withdrawn from the Bank of England yesterday was 11,000 pounds. It went to Egypt to pay for the cotton crop, which is large.

Snow began to fall in London this morning.

The new steamship *Fearnissia* for the Anchor line is the largest vessel ever launched in England except the *Great Eastern*.

The steamer *Henworth*, from Montreal, has arrived at Queenstown. All the cattle carried by the *Henworth* were washed overboard.

A Paris dispatch says: A telegram from the family of Prince Hohenlohe states that the prince is improving. The fever has disappeared and speedy convalescence is assured.

The Bishop of Montpelier will be prosecuted for his abusive exercise of power in excommunicating the prefect while the latter was executing the Decrees against the Religious orders in Montpelier.

The Troubles in France.

PARIS, Oct. 20.—At a meeting of the Council Generals of the Department of the Seine yesterday, a resolution was proposed protesting against Gambetta's speech at Cherbourg, and demanding the immediate recall of the French fleet in Turkish waters. The Prefect of the Seine remonstrated against the resolution as referring to matters beyond the sphere of the Council Generals, and moved an amendment to pass to the order of the day, which was adopted by a vote of 31 to 20. General Favre, Minister of War, publishes the following in reply to General DeCissey's order of the day to Major Leve, of the Eleventh Army Corps: "I have been compelled to bear in mind the disclosures during the trial of Juan De Woestyne of two letters, the authorship of which was attributed to you. As you did not deem it necessary to consult the court of inquiry, it was resolved to relieve you of your command, not at your request, but as a disciplinary measure. Other acts imputed to you by the newspapers do not come within the jurisdiction of a court of inquiry, but within that of a court martial. I can perceive neither in these attacks nor in the facts themselves sufficient cause to institute inquiry. The course open to you is to prosecute before civil tribunals the authors of the imputations."

The "Infernal Machine" Man Found Guilty.

PHILADELPHIA, Oct. 20.—In the case of Robert A. Parrish, a lawyer, charged with concealing an infernal machine in his office drawer, with the intention of putting an end to petty thefts, and by which a boy was badly injured, the jury rendered a verdict of guilty. A motion was made for a new trial, and pending argument Parrish was released on bail.

A Road Agent Killed.

SANTA FE, N.M., Oct. 20.—United States Marshal Tonie Neis, while in search of a gang of road agents, was fired on by five of them without being hit. He returned the fire with a Winchester rifle, killing one. The rest fled.

The Charcoal Men.

HARRISBURG, Pa., Oct. 20.—The United States Association of charcoal iron workers last evening re-elected the old board of officers. Several papers were read and a banquet followed. The association is to-day on an excursion to the ore fields of the Cumberland Valley.

A Negro Doctor.

HARWOOD, Texas, Oct. 20.—An ignorant old negro administered strychnine to three patients, thinking it was quinine. Two died in a few hours, and the third is reported beyond recovery.

The Trouble Caused by Indian Agent Berry.

WASHINGTON, D. C., Oct. 19.—The following dispatch has been received at the Interior Department:

DENVER, Col., Oct. 18.—As there is no telegraphic line to Gunnison City, I am unable to get accurate and reliable reports from there. I have no advices of two companies of State militia having started for the reservation, and I disbelieve the rumor. The information which has reached me is that the sheriff arrested Berry over a week ago at the agency; that Berry persuaded the sheriff to accompany him to Cantonment, about four miles distant, where he escaped from the sheriff. Dispatches have been received here to-day concerning him. One stating that he is secreted by Indians, and the other that he is protected by the commander at the post. I respectfully request you to require the commander of the post to deliver him to the sheriff of Gunnison county, at Gunnison City. This will avoid the necessity of the sheriff having the State forces with him to make the arrest, although his efforts to escape have strengthened the conviction as to his guilt. I have no apprehension as to his personal safety when once in the custody of the sheriff at Gunnison. Capt. Cline has been in jail for about a week without being molested. The sheriff telegraphed me that Berry and others are safe from the mob in Gunnison. If you desire to have the military commander deliver him to the sheriff I shall like to be informed of the decision that I may notify the sheriff at once that further preparations for making the arrest will be unnecessary. (Signed.) FRED. W. PITKIN.

Still Searching for the Alpena.

CHICAGO, Oct. 19.—Montague, the messenger sent by the Associated Press to Stony Creek yesterday, returned at 2 o'clock this morning with information that the reported cabin washed ashore at that place and supposed to be that of the Alpena proves to be nothing more than a small portion of the promenade deck of the barge "Trader" which water logged last Monday night. The two sections found near the White Lake piers and supposed to be a part of the Alpena's wheel rope, belong probably to the Trader. On account of the driftwood and lumber which had been thrown upon the beach and laid in one endless heap six feet in height, patrolmen considered it decidedly useless to look further during the night, and will, therefore, wait till daylight, when they will continue their search.

The Railroad War.

OMAHA, Oct. 19.—General Ticket Agent Daniels, of the Wabash line, arrived yesterday morning and cut the fare to \$8.25 from Omaha to Chicago or \$16.00 for the round trip. Tickets unlimited were inaugurated, and over \$15,000 worth were sold up to 6 p. m., when the sales were shut down by order from headquarters, leaving many intending to buy unsupplied.

Moody and Sankey held four immense meetings here on Sunday and left to-day for Salt Lake and San Francisco.

U. S. Senator Tipton, candidate for governor, addressed a large mass meeting of Democrats last night.

Congressional Nomination.

PHILADELPHIA, Oct. 19.—The Democrats of the Seventh district have nominated John Slinglaff for congress.

Pennsylvania Railroad Employees to be Tried for Murder.

PITTSBURGH, PA., October 19.—This forenoon the county authorities took action in regard to the prosecution of the train men found guilty by the coroner's jury of criminal negligence in causing the accident on the Pennsylvania Railroad, at the Twenty-eighth street crossing, on Saturday, October 9th. The proceedings are against John Routh, conductor; Wm. J. Penrod, flagman of the first train, and Engineer Hughey, of the second train, and is for misdemeanor under an act of Assembly. Routh surrendered himself, and is out on \$10,000 bail. The others will give themselves up to-day. The commonwealth will likely bring charges of murder.

The Protestant Episcopalians.

NEW YORK, Oct. 19.—In the Protestant Episcopal convention to-day the committee on new dioceses changing the transactions of the dioceses of Wisconsin and Fondulac, Wis., was adopted. Rev. Dr. Shuttuck, of the committee on expenses made a report, showing that the expenses of the convention the last three years amounted to \$11,412. Estimated expenses for the next three years, \$96,000. He reports an assessment of \$3.00 on each clergyman will probably pay all expenses incurred. Should other expenses arise the report suggests one dollar additional be collected.

A Steam Barge Gone to Pieces.

CHICAGO, Oct. 19.—The steam barge Trader, which plies between Chicago and Muskegon, and does a lumber business, and which, according to advices and reports of officers of schooners who have seen her wrecked, has been lost and gone to pieces on the east shore of Lake Michigan. She was captained by F. Brown and manned by a crew of ten. She measured 150 tons, was classed B 2, and was valued at \$6,000. All hands have probably perished.

A Statement from Mr. Parnell's Secretary.

LONDON, Oct. 19.—Mr. Healey, Parnell's secretary, speaking at a land meeting at Bantry county, Cork, declared there were as many evidences of cruelty and injustice on the estate of Hutchins, who with his driver was shot at near Skibberet and the latter killed, as on that of the greatest tyrant in Ireland.

The Foreign Press on Gladstone.

DUBLIN, Oct. 19.—The Cologne *Gazette* and Berlin *Post* combine to attack and denounce Gladstone. The former calls him a dangerous fanatic, and attributes the agitation in Ireland to the contagion of his revolutionary schemes in the east. The *Post* accuses him of pursuing a policy in the east opposed to the true interests of England.

The Work of a Tramp.

READING, PA., October 19.—This forenoon a tramp who was refused something to eat on the farm of G. S. Mowrey set fire to the barn. It was destroyed together with its contents. Three mules and all the cattle perished. The dwelling was considerably damaged. Loss, \$10,000. The citizens are in pursuit.

Not Yet Arrested.

CHICAGO, October 19.—A Denver, Colorado, dispatch received here to-day says that Indian Agent Berry has not been arrested. He has been secreted either by the Indians or the United States troops.

Indications.

WASHINGTON, Oct. 19.—For the lower lake region, clear or partly cloudy weather, south west to south east winds, slightly higher temperature, stationary or lower barometer.

More Tidings.

CHICAGO, Ill., Oct. 19.—A Holland Michigan man just in from Venteria, 8 miles north, says that during the night a bucket, two life preservers and a cabin door all marked "Alpena" came ashore there.

The Constitutional Amendments Again.

INDIANAPOLIS, Oct. 19.—The constitutional amendment question continues to be an absorbing topic of discussion among republicans, and not a few democrats engage in it. A prominent member of the latter party presented the question in a new light to-day. He says the supreme court cannot avoid declaring the recent election void. The famous decision of the court in the case of Swift vs. The State touched only the first amendment pertaining to residences. The other amendments had not the least connection with the case, and were never considered by any judges. According to this the amendments other than the first are still in force as proclaimed by the governor, and the election was held before its legal time. In support of the view may be recited the fact that Samuel M. Hench, prosecuting attorney of Allen county, filed

A PROTEST

yesterday afternoon with the governor against issuing a commission to Wm. P. O'Rourke, who was voted for that office in the recent election, on the ground that the third amendment, changing the time of holding the election from October to November, is in force. The point is to see whether the governor will hold that the opinion of the supreme court in the first amendment applies to all the amendments, whether before the court or not. The Republicans are on tender-hooks over the matter, especially the recently successful candidates for State and county offices, and all sorts of opinions are being prepared to show how the election may be made to stand. One of these, in the *News* to-night, says: "Why not let the question rest on the decision as it now stands? That majority opinion said:

In the opinion of the court the consequence spoken of in argument of this decision can at most be but a temporary inconvenience. We perceive no irregularity in the proposal of the amendment for ratification. It has simply not been ratified, and not been rejected. The vote upon it was ineffectual for want of the constitutional majority. We see no reason why the general assembly may not resubmit the amendment to the electors of the State under an amended act such as experience may prove to be sufficient to present the question to the courts if it ever should arise again.

Ticket Punchers in Session.

ST. LOUIS, Oct. 19.—The 13th annual meeting of the order of railroad conductors of the United States and Canada opened here this morning, Grand Chief Conductor J. B. Mooreford, of the New Jersey Central, presiding. After the appointment of several standing committees and some unimportant business a recess was taken till this afternoon. About one hundred delegates will be present during the meeting which will continue until Friday.

Murdered the Whole Family.

WHEELLOCK, Vt., Oct. 19.—This morning Byron Blake murdered his mother, sister and step-father with a knife and then hung himself. Insanity was the cause.

An Item of Special Interest to the Ladies.

Information that will Prevent Your Paying \$60 for an Article Which You Should Buy for \$30.

A few months since we introduced to the citizens of Fort Wayne the celebrated new Remington Sewing Machine, made by the Remington Arms company, of Illion, New York, who turn out the Remington rifle, and the equally far famed Remington revolver, both of which are sold all over the world, and are marvels of mechanical accuracy. Of course everybody knows such a company would naturally make one of the best sewing machines in the world. Thus far we have put out about 150 of these machines, and if you can find a lady who has bought a Remington of us who would now exchange it for any machine on the face of the earth, you will have succeeded in doing something we have not been able to do.

Next we introduced to the public the Eldridge Machine, which is having such a run in the city of Chicago.

Recently we have added the New Home—a machine combining the best points of all the old machines and possessing many advantages and peculiar to itself. The New Home is so widely known that when we placed it in our establishment at the same low figures at which we are selling Remington's, White's, Howe's, Wheeler & Wilson's, American's, Eldridge's, St. John's, Singer's and others, we had a regular rush for it, and we have already sold a large number.

Don't pay \$50 to \$60 for sewing machines which we sell for \$25 and \$30 and which we warrant three to five years, and guarantee to give satisfaction in every case.

THE CITY.

No police court to-day. The man with "a dab bad cold" is becoming very numerous.

The wisecracks predict twenty-eight snow storms the coming winter.

Persons who don't wish to chew worms should eschew wormy chest-nuts.

Clergymen, lawyers and authors find Malt Bitters a pure and safe invigorant.

Owing to recent high winds, the water in the river is somewhat lower than usual.

The dyspeptic, bilious, fickle in appetite and wanting in strength take Malt Bitters.

Advice to travelers—Buy a bottle of Dr. Bull's Cough Syrup—the only thing to stop a hack.

The contract for lighting the street lamps will be awarded this evening at the council chamber.

Work commenced to-day on the extension of the roof over the Pittsburgh depot platform.

Toledo has a flourishing Press club, cannot Fort Wayne have one? What do the engineers of the great moral engine say?

Local justices of the peace claim that their business is very dull, and they attribute it to the exciting political times.

Seal skins have appeared on the street. Hats are the heralds of winter, and cloaks will follow with the first snow.

In the official election report published in the SENTINEL last Saturday, Mr. Fleming's majority read 2,408. It should have read 1,908.

Adam L. Sawm pleaded guilty to provoke before Justice Greenbaum last night and was fined \$1 and costs. George R. Bowen was the plaintiff.

The weather to-day has been beautiful and the streets have been thronged with fall traders and people sunning themselves. The dullest hypocrite could not fail to discern signs of business activity.

Property holders should assist the Street Commissioner in keeping the city in a healthful condition by removing the vast accumulation of leaves from the gutters in front of their respective residences.

A political bet has been made between one of the Nathan brothers and J. E. Stuart, of Chicago, the stake being on a Democratic plurality in New York, \$100 to \$25, either sum to be given to some local charitable institution.

If the current of public thought, of every political creed, is any criterion to-day, this is a nation with a big N and must be saved. There is probably more silent work going on than at any previous time in the history of Fort Wayne.

A little Spitz dog jumped out of a second story window of the court house this morning, breaking his right fore leg. The beast's cries brought a good Samaritan in the shape of a policeman, who removed the animal to the owner's house.

An intoxicated and elderly farmer dropped into the Mayer House late last night, and remained unobserved in a chair until his sonorous breathing made the surroundings unpleasant, when a policeman was called and the old gentleman walked in the cold air until he was braced up enough to go home. His name was not learned.

The new check system at the Pittsburgh shops causes considerable merriment at times by the manner in which the usual delinquent is brought to time. Many who have for years been continually behind hand a minute or two, now find themselves brought to the scratch by the prompt checking clerk, who sits complacently in his office by the "turn-stile."

Mrs. Charles Flock, of Aboto township, arrested yesterday for safe keeping, she having shown evidence of insanity, was last night removed to the poorhouse. The job was a disagreeable one, the woman being at times almost beyond control.

Frank J. Erisg and Caroline Whitbrook were married by Justice Greenbaum late last night. Erisg was arrested on a serious charge but a talk with Mr. Greenbaum convinced him that wedlock was the best course, and a license being procured, the ceremony was performed, and the trouble ended.

About three hundred persons were at the rink last night listening to the speeches of several Republican orators. Many ladies and first voters were observed, and the white uniforms of the Garfield Guards were noticeable. The speakers were Judge John Morris, Hon. L. M. Ninde and Colonel R. S. Robertson.

The public will regret to learn that the situation of Mr. James McLain to-day is critical. Mr. McLain was the most severely injured of the trio in last Friday night's casualty, and his friends had taken encouragement from the physician's report of yesterday, but to-day alarming symptoms have been made manifest and great danger is feared.

Personal Mention.

N. B. Young is in Chicago. Mr. Charles Taylor, of South Bend, is on a visit to Fort Wayne.

Charles F. Freese, for a long time with W. H. Dreier & Co., has accepted a position in George Loesh's drug store.

Mr. George Esmond attended the re-union of his old regiment, at Wabash, yesterday.

J. H. Trentman returned from Pittsburgh with his family this morning, looking hale and hearty for his trip.

Sheriff Munson returned home from Indianapolis yesterday evening, where he had been attending the meeting of the Democratic State Central Committee.

Alfred Wilkin, superintendent of the Palmer lead mines in Missouri, formerly deputy customs officer at Toledo, passed through the city yesterday enroute for the lead fields.

At Indianapolis yesterday Hon. R. C. Bell and Sheriff Charles A. Munson were registered at the Grand Hotel, and P. S. O'Rourke, esq., and Allen Zollars, esq., at the Bates house.

Mr. Fred H. Whipple, formerly a member of the Toledo press, has accepted the city editorship of the Fort Wayne Daily SENTINEL. If Mr. Whipple proves as energetic among the Hoosiers of Fort Wayne as among the Buckeyes of Toledo, he will make the local department of the SENTINEL a credit to the city.—Toledo Blade.

Democratic Pole Raising.

For the second time this campaign the Democrats of the Fourth Ward have raised a pole, the ceremony taking place at the corner of Jefferson and Ewing streets last evening. A large crowd assembled and assisted in raising the prostrate stick to an upright position, and three cheers were given with a vim when the work was done. Calls for Mr. Montgomery Hamilton brought that gentleman to the front, and he treated the crowd to a short digest of the issues of the hour. He was well received and heartily applauded at the close. Hon. A. P. Edgerton, announced to speak, was not present. The pole, a mammoth one, bears aloft the ensign of the party standard-bearers, and having been raised with care, and properly "tamped" down, will be more steadfast than its predecessor.

The Mute Clergyman.

About 200 people assembled in Trinity church on last evening, and witnessed the impressive ceremony of the Episcopal service exemplified orally and in sign. The services opened in the usual form, or rather the twin service, for the pastor, Rev. Mr. Webb conducted it orally while Rev. A. W. Mann, in the sign language, presided in the independent service. The Lord's prayer, the parable of the Prodigal son and other biblical extracts were rendered in an interesting and excellent manner, the audience being several times intensely humored by the motions of the mute clergyman. It is the wish of many that the service should be repeated.

Railroad Notes.

Officials say there is likelihood of the railroad war extending to Fort Wayne. It will have to go east some ways yet before local interests are affected.

The Chicago & Alton announces that it will sell tickets from Kansas City to common Wabash points at the same rate as the Wabash charges from St. Louis.

The Pullman company has placed two new sporting cars on the Pennsylvania line.

The local roads are complaining of a scarcity of cars.

Behind the Bars.

Fort Wayne would gladly be rid of Charles Freese, the young man yesterday incarcerated in the Muncie jail for larceny. This is only another link in the long chain of misdemeanors that Freese has been the victim of, but it is feared will have no salutary effect upon his idea of conducting one's self. During his trial yesterday he was attended by his wife, a most estimable young lady of this city, who deeply feels the many disgraces that have been heaped upon her. Ten days hence Freese will be a free man, and it is hoped in all decency that he may become, what he has not been for some time—an upright citizen.

A permit is to be asked for in the case of the insane woman, Mrs. Flack, to take her to the Indianapolis asylum.

The telephone and fire alarm wires became mixed this forenoon and a general alarm was turned in at department headquarters. An inspection is now being made.

A horse attached to a farmer's wagon ran away on East Holman street about noon to-day, but beyond spilling out the contents of the wagon no damage was caused.
